Go – Ape

Wow, this is amazing, super cool, let's do it again!

Children got back to nature last week and had an amazing time experiencing the high wire course in Black park. The children climbed up into the heady heights of the trees and took on the challenging but fun journey of Go – Ape. The final hurdle was a spine tingling whoosh through the air down a 70m Zip wire.

“It felt amazing when I was hanging from the Zip line going down at high speed and believing I could fly”
