

Netball Coaching

Lucy a professional Netball coach is coming into the school to deliver a coaching programme to year 6. The children are learning all about the game of High 5 Netball. High 5 Netball is designed for primary school children to make the game easier and fun to play. The children get to play in all positions as well as time keep and score. All the children are having a great time and are now playing with confidence and we definitely have some good young players in the making.

Girls Lunch time session

22nd February 2016

Lucy is also leading a lunch time session every Tuesday and Friday. The session takes place in the Muga and gives all the girls an opportunity to participate and play more sport. The girls are having lots of fun learning to play High 5 Netball and are all keen to develop their own personal skills and play matches.
