External recognition

Sainsbury Gold kite mark

Iqra is proud to announce that the school has achieved the Sainsbury School Games **GOLD** Kite Mark.

Every year the school strives to be the best school in Slough and further afield in delivering outstanding sporting opportunities to all its pupils. Iqra has excelled in achieving the highest award.

The Sainsbury's School Games Mark is run by the Department of Culture, Media and Sport (DCMS) and is implemented and developed by the Youth Sport Trust and Sport England. The Mark rewards school's for their commitment to and the development of competition, school sport and physical education throughout the year.

The main criteria are as follows:

Provide approved NGB school games level 1 and level 2 competitions for boys and girls.

Engage at least 50% of students in Extracurricular sporting activities.

Engage at least 20% of students in leading, managing and officiating in the school games activity

Have a sports council team in place to help out with planning and the development of school games activity.

Interact with parents and the local community in sporting projects

Linking in with outside sporting bodies to provide extra opportunities to the children (Tag Rugby/ Try Golf / Basketball / Football)

Have an effective web site telling everyone what sporting events are going on at the school.

Have an annual school games day

Identifying talent and have a more able programme running

SLT / external reviews

Outstanding

Positive internal and external reviews are a reflection on the work carried out at the school. High quality P.E. lessons give the children a knowledge and understanding of a wide range of sports, which will help them to achieve their own personal goals.

Sports Specialists

Iqra has employed sports specialists to run a full programme of sporting activities working within the national curriculum. The children are guaranteed high quality P.E. Lessons. The P.E. Specialists provide further opportunities for the children to access a full range of external competitions as well as organising links with sporting bodies to provide other specialist coaches to work alongside the children.

Sports festivals entered.

25 N.G.B. Level 2 , Intra school festivals entered

7 B Teams and 1 C Team

Girls Cricket - County Champions (2012)

New Age Curling – County Champions (2013)

Tag Rugby, Netball, Basketball, Football, Cricket, Golf, Swimming, Fishing, Multi Skills, Karate, Athletics, Hockey, New age kurling, Infant Agility, Sports hall Athletics, Boccia, Rounder's , Badminton

As well as giving the children a chance to compete in many different sporting activities Iqra also run in house competitions for the children.

Junior Leader Programme

A programme has been set up allowing children in years 5 and 6 to lead and run a programme of sports and activities at lunchtime for children in key stage 1

The junior leaders must organise and run activities they have designed; they must follow a strict programme of personal and social goals, which are set out.

The goals are only reached if they agree and their peers agree on their performance.

The programme allows the children to develop their own personal and social skills, gaining the confidence to lead whilst giving children in key stage 1 the opportunity to learn new games.

Let's get going programme

The club has been set up to enhance the children's' and parents' knowledge in every detail surrounding the ways in which all children can achieve a healthy life style. The children will go on a journey throughout the year and explore ways in which to stay healthy. The key areas that the children will look at are their diet / fitness and general well being.

One of the key aims is for the children to promote in and around the school the understanding of being and remaining healthy.

First Aid Course

The school have established a link with the British Red Cross giving the children opportunities throughout the year to learn all about basic first aid. The children will also be working closely with the Red Cross to raise money and awareness of the importance work the Red Cross do both locally in our community and further afield.

After School clubs

One of the ways to encourage sport at the school is to offer after school clubs. There clubs on offer are: Karate, Football, Bike it, 50/50 (multi skills), Swimming, Archery - There will be more to follow throughout the year. Each term the children will be offered different sports to attend.

Sports Council

A Sports Council has been set up to look at ways in which we can improve the sporting opportunities at the school. The children are currently working on ways to promote a more active healthier life style and get more children in the school taking part in sport. The children recently helped set up a bike it day giving pupils an opportunity to make a Smoothie whilst riding a bike.

School Games day / Sport Relief day

Every year the school holds sports days for Reception/ KS1/ KS2 allowing the children to compete for their houses in a fun sporting event. The children also have a fun day of sporting events to raise money for charity. In 2014 the school raised over £ 500.00. We hope to beat this in 2016.

House Teams

During all the P.E. lessons the children are put into their house teams, which allow a fun competitive element to be in place. This gives the children a sense of team spirit and what it is like to win and lose.

Football league / Netball league

Iqra has entered into the S.S.S.N. football and netball leagues. The children will have the opportunity to play matches against other schools in Slough.

Communication

Website is full of information regarding the sporting activities going on at the school, informing parents and others of the successful achievements at the school.

Newsletter

A by-monthly newsletter goes out to the parents informing everyone of the latest news and sporting events in and outside of the school.

Cross curriculum activities

Throughout the year the P.E. department is linking up with the whole school on projects to enhance the learning of the pupils. London Irish are currently delivering a Tackling Numbers programme which integrates interactive classroom math's sessions with practical, number based rugby games. The success of the Olympic Games / Commonwealth has inspired the children to have a positive attitude towards sport and know what it now takes to achieve their own goals and the work required to be the best. The school is at present on a Healthy life style drive, looking at what the children eat, how much exercise they do outside of school and looking at what change everyone can do to make a lifelong difference.

Moving forward / Sport Premium funding

The introduction of the new government funding for P.E. will enable the school to develop and expand the P.E. programme looking at ways to target groups such as (those receiving free school meals to ensure they are not disadvantaged by lack of financial support , the S.E.N. and Girls), This will enhance the work already been done at the school. The school is always looking to explore new ideas and have introduced an outdoor adventure programme giving the children access to arrange of exciting new activities such as (Go- Ape) Hire wire course, Kayaking and rock climbing.

Key focus points

The introduction of Real P.E. to KS1 will provide fun and simple Schemes of Work to follow which can be imbedded straight away into the Early Years Foundation Stage,

Real PE. Is fully aligned to the proposed National Curriculum and Ofsted requirements and focuses on the development of agility, balance and coordination, healthy competition and cooperative learning through unique and market leading approach to teaching and learning in PE. It is the only Scheme of Work with a curriculum map, clear learning journeys, integrated assessment framework and a tool to audit and celebrate rapid sustained progress.

Online assessment tool

In conjunction with the introduction of the Real P.E programme there will be an online assessment tool, which will allow easy recording of everyone progress during the year. The assessment tool is set up in such way it will look at all the fundamental skills: Social / Personal / Creative / Cognitive / Physical.

The children will be able to interact and upload their own personal achievements and see their progress.

Pupils Survey

To enhance the enjoyment and continue success of the children in sport across the school, the P.E. Department will send out a questionnaire asking a number of different questions in relationship to what the children would like to see in the school in relationship to P.E.

Girls – After school sports club

The school always looks at ways of enhancing the quality of P.E. and sporting opportunities on offer for girls. One of the areas of improvement that was identified when doing the Sainsbury School Games Kite Mark was the acknowledgment that the school needed to make more provision for girls to participate in after school clubs.

This has been addressed and the school has provided more opportunities for girls to take part by providing outside professional coaches to come in to the school (F.A. Football) / Netball .This has proven to be a success and will continue and be expanded to involve more year groups.

S.E.N. / Financially disadvantaged

The P.E. Department is working closely with the S.E.N team and looking at ways we can improve / provide more sporting opportunities to pupils with S.E.N and financially disadvantaged children.

There has been a progressive involvement in P.E. activities at Iqra in 2014 and the school is looking to take this forward into 2015. There has been a substantial increase in the number of sporting opportunities on offer. The amount of sports festivals entered, in-house activities, and projects currently running are a testament to all the work being done. Below is a resume on all the sporting activities and projects the children are doing and have done so far.

By the end of the summer term 2015 it is planned to see a continual improvement in sports at Iqra and an action plan has been developed to drive this vision forward.

Impact so far –2016

Sainsbury GOLD kite mark awarded

- 1: Increased number of sporting opportunities for the children to compete in.
- 2: increased number of after school clubs children can access.
