To log onto school laptops:

 Before logging in ensure you are connected to your home wifi – YOU CANNOT LOG IN UNLESS YOU ARE CONNECTED TO YOUR WIFI

2. Once you are connected put in the following username and password: (all lower case)

username: wds password: wds

- 3. Once logged in you may use your internet browser to access MS Teams
- 4. If your **internet browser does not work** then you need to check your proxy settings as instructed below:

Click on windows icon then go to settings

Find a setting Automatic proxy setup Ietwork & Internet Use a proxy server for Ethernet or WiFi connections. These don't apply to VPN connections. Istatus Automatically detect settings ViFi Image:
